***Frontiers in Blockchain: \$10,000 Research Prizes, latest articles, and more***

*Frontiers in Blockchain* is the first peer-reviewed scientific journal which brings together academic and industry research and perspectives on blockchain, and is lead by Chief Editors Prof Olinga Ta'eed and Assoc Prof Christopher Clack

#### **Prizes**

- \$10,000 will be awarded to the most outstanding research published in 2019

- \$10,000 will be awarded to the most outstanding paper submitted to the collection "[Inclusive Stakeholding: Reimagining Incentives to Promote the Greater Good](#)"

### New collections open for submission: Frontiers' pick

- [Blockchain for Distributed Research](#) solicits papers examining how blockchain may be applied within many different areas of research. Submitted papers will help to inform the IEEE "Standard for the Framework of Distributed Ledger Technology (DLT) Use in Healthcare and the Life and Social Sciences" Project

- [Economic and Business Implications of Blockchain Technology](#) welcomes theoretical and conceptual papers, case studies, literature reviews, and quantitative/qualitative research examining the transformative potential of blockchain within economics and business

For a full list of collections currently open, please see [here](#)

### Published Research Papers: Frontiers' pick

- "[The Regulation Paradox of Initial Coin Offerings: A Case Study Approach](#)" (Alfred Ruoxi Zhang, Anujan Raveenthiran, Justin Mukai, Ramisha Naeem, Arvin Dhuna, Zoha Parveen and Henry Kim)

- "[A Blockchain Grand Challenge: Smart Financial Derivatives](#)" - Christopher D. Clack

For more information about the journal, submissions, prizes, or to propose your own article collection theme, please contact the team at [blockchain@frontiersin.org](mailto:blockchain@frontiersin.org)
